DEVELOPMENT AGREEMENT**

FLAGSTAFF, ARIZONA

BY AND BETWEEN

CITY OF FLAGSTAFF

AND

PINNACLE DEVCO, LTD.

FIRST AMENDED AND RESTATED DEVELOPMENT AGREEMENT

THIS FIRST AMENDED AND RESTATED DEVELOPMENT AGREEMENT (“**Agreement**”) is made as of this ____ day of _____, 2014, between the City of Flagstaff, a municipal corporation organized and existing under the laws of the State of Arizona (“**City**”) and Pinnacle DevCo, Ltd., an Arizona business corporation (“**Developer**”).

RECITALS

A. On June 20, 2005, Empire Residential Construction, L.P., an Arizona limited liability partnership (“**Original Developer**”) was the owner of approximately forty (40) acres of undeveloped real property located near the intersection of Lone Tree and Zuni Roads, within the City of Flagstaff, Coconino County, Arizona (“**Original Property**”).

B. On June 20, 2005, the City and the Original Developer entered into a development agreement, recorded on August 3, 2005 as Instrument Number 3335903 in the Coconino County Recorder’s Office (the “**Original Agreement**”), pursuant to the provisions of Arizona Revised Statutes § 9-500.05 (pertaining to development agreements), in order to facilitate the proper and orderly development of the Original Property by providing for, among other things, conditions, terms, restrictions, and requirements for the permitted uses for the Original Property, the density and intensity of such uses, and other matters related to development of the Original Property.

C. Pursuant to the Original Agreement, the Original Developer proposed to construct 206 units on the Original Property (“**Original Project**”), to be constructed in two units, of which only 102 dwelling units, all of Unit 1, were constructed.

D. The Developer, as successor in interest to Original Developer, is the owner of approximately 18.6 acres of the Original Property (the “**Property**”), a legal description and map of which are designated as **Exhibit A**, attached to and made a part hereof. The Property comprises all of the land initially proposed for development as Unit 2 of the Original Project.

E. The Developer intends to construct one hundred and six (106) townhome dwelling units on the Property (the “**Project**”), as more particularly described and depicted herein and in the Preliminary Plat, adopted by the Flagstaff City Council on October 21, 2014, and designated **Exhibit B**, attached to and made a part hereof (“**Preliminary Plat**”) and in the Concept Building Elevations designated **Exhibit C**, attached to and made a part hereof (“**Concept Building Elevations**”).

F. The Developer intends to develop the Project in three phases, as set forth in the Preliminary Plat. The initial phase, Phase 1 of Unit 2, consists of eight (8) townhomes located on the west side of Sonoma Street between Bailey and Sterling Lanes. This Phase includes those

lots numbered 103 through 110 on the Preliminary Plat (“**Phase 1**”). Phase 2 of Unit 2 consists of forty-nine (49) townhome lots generally located west of and adjacent to the current Pinnacle Pines subdivision. This Phase includes those lots numbered 111 through 159 (“**Phase 2**”). Phase 3 of Unit 2 consists of forty-nine (49) townhome lots generally located south of and adjacent to Phase 2. This Phase includes those lots numbered 160 through 208 on the Preliminary Plat (“**Phase 3**”).

G. The current zoning of the Property is MR, Medium Density Residential District. Pursuant to Ordinance 2005-05, passed and adopted on March 7, 2005, and recorded on April 19, 2005 as Instrument Number 3317558 in the Coconino County Recorder’s Office, the City Council confirmed the Medium Density Residential zoning and imposed general conditions on the Original Property and the Original Project.

H. The parties wish to enter into this Agreement to supersede and replace the Original Agreement, which will terminate upon the Effective Date of this Agreement, as defined below.

I. The City believes that development of the Property pursuant to this Agreement and the Preliminary Plat will result in aesthetic, planning, and economic benefits to the City and its residents.

J. The Developer acknowledges that development of the Property pursuant to this Agreement will be beneficial and advantageous to the Developer.

K. The City and the Developer intend that any development of the Property pursuant to this Agreement will be consistent with the Flagstaff Regional Plan 2030: Place Matters (“**Regional Plan**”).

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and the mutual promises and covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. DEVELOPMENT STANDARDS

Development of the Property shall be governed by the City’s codes, ordinances, regulations, rules, guidelines and policies controlling permitted uses of the Property, design review guidelines, the density and intensity of uses, the maximum height and size of the buildings within the Property, the Engineering, Design and Construction Standards and Specifications, 2004 Edition, or as approved in the final plat, as well as the standards for off site and on-site public improvements in existence as of the effective date of this Agreement and as the same may be amended or implemented from time to time during the term of this Agreement. The parties expressly acknowledge and agree that the City reserves the right to adopt future ordinances assessing or imposing development fees under the authority of A.R.S. § 9-463.05, which shall be applicable to development of the Property. Developer agrees and understands that

upon the effective date of this Agreement, all building permits and other fees normally applicable to construction within the City shall apply to the Project.

2. CHANGES TO REZONING

For the term of this Agreement, the City shall not initiate any changes or modifications to the zoning districts that may be approved for the Property pursuant to this Agreement, except at the request of the Developer of that portion of the Property for which such zoning change is sought.

3. GUIDING PRINCIPLES

The parties acknowledge that development activities for the Property may extend over several years and that many of the requirements and procedures provided for in this Agreement contemplate that use of the Property in the future may be subject to procedures, requirements, regulations and ordinances not presently in effect, as well as actions and decisions by City staff and officials which cannot be provided for with particularity at the time the Agreement was executed. The parties agree that they will act in good faith and with reasonableness in implementing, operating under, and exercising the rights, powers, privileges and benefits conferred or reserved by this Agreement or by law. However, denying a permit for the Developer's failure to meet the City's criteria for such permit shall not be deemed a breach by the City of this Agreement.

4. PROJECT DESCRIPTION, SITE LAYOUT, AND DESIGN CONSIDERATIONS

4.1 Residential Development. The Project contemplated by this Agreement comprises one hundred and six (106) townhome dwelling units, which number includes three (3) dwelling units, located on lots 134, 135, and 136, resulting from the Developer's voluntary contribution to the City's Affordable Housing Program, as set forth in Section 4.2, below. The Property development and design standards, including building elevations, for the planned dwelling units shall conform to the Preliminary Plat and Concept Building Elevations.

4.2 Affordable Housing. The Developer acknowledges the City of Flagstaff's affordable housing set-aside policy but is not seeking any of the affordable housing incentives set forth in the 2011 City of Flagstaff Zoning Code. The Developer further acknowledges the many goals, policies and strategies listed in the Regional Plan related to the lack of affordable housing units within Flagstaff. With the development of the Project, the Developer intends to provide market rate housing for residential purposes. The Developer, acknowledging that the Project will not directly impact affordable housing shortages within Flagstaff, and to further the efforts of the City in addressing the lack of affordable housing units within the community, agrees to pay the City the sum of one hundred six thousand dollars (\$106,000.00) to be used solely for the benefit of affordable housing (the "**Affordable Housing Funds**"). The Affordable Housing Funds shall be made in payments to the City in the amount of one thousand dollars (\$1000.00) for each lot owned by the Developer within the Project, with each payment being made on a lot-by-lot basis as a condition precedent to issuance of a building permit for such lot. Nothing contained in this

Agreement shall prevent the Owner from making a lump sum payment for all or a portion of the Affordable Housing Funds.

4.3 Phasing of Project. Developer has acquired the right-of-way or easement necessary for a second vehicular access in a configuration and location acceptable to the City, and may commence construction on Phase 1, simultaneously with the construction of the roadway across the Southerly Access described in Section 5.1, below, provided that: (1) the eight residential units that comprise all of Phase 1 contain fire sprinklers similar to those installed in the residences constructed in the Original Project; and (2) the eight residential units that comprise all of Phase 1 are not occupied until the roadway across the Southerly Access is complete. In the event the Southerly Access is constructed and accepted by the City prior to the City issuing a final certificate of occupancy for each of the eight residential units that comprise Phase 1, the provisions of this section shall not apply.

4.4 Open Space Dedication. Concurrent with recordation of each plat for the Project, the Developer shall dedicate approximately nine (9) acres of permanent open space in the general locations as depicted on the Preliminary Plat.

4.5 Pedestrian Trails. The Developer shall provide for and construct private pedestrian trails as generally identified on the Preliminary Plat.

4.5.1 Developer has constructed the pedestrian trail along the west side of the Northerly Access drive.

4.5.2 An enhanced crossing must be provided wherever pedestrian trails cross private streets at mid-block and not at an intersection. An enhanced crossing may consist of textured or colored concrete, landscaped curb swellings on both sides of the street, a landscaped median in the center of the street, or a combination of these features. Enhanced crossings may also be provided for crosswalks at intersections in compliance with the City's Design Review Guidelines.

4.5.3 All pedestrian trails within the Project must be privately owned and maintained but shall be open to the public and subject only to such restrictions or conditions applicable both to the public and residents of the Project as necessary to address issues of health and safety.

4.6 Detention Basins. Detention basins and drainage facilities throughout the Project shall be designed as site amenities. Wherever possible, detention basins shall be connected to and made part of the Project's open space system and improved with trails and gathering areas.

4.7 Regional Park Fee. The parties acknowledge that on the Effective Date of the Original Agreement, the Original Project would have affected the City's proposed Lake Mary Regional Park, as shown in the 2001 Flagstaff Area Regional Land Use and Transportation Plan, which was to have been constructed to the south and west of the Original Property. Pursuant to the Original Agreement, the City collected the sum of two hundred eighty-five dollars (\$285.00) per dwelling unit, to be used for the construction of and improvements to the Regional Park (the

“**Regional Park Fee**”), and payable for 102 dwelling units at the time of building permit issuance for the 52nd dwelling unit. The Regional Park Fee was designated as the Developer’s fair share contribution towards construction of the Regional Park. The parties agree that, as the Regional Park is not, as of the Effective Date of this Agreement, included in either the Regional Plan or the Parks and Recreation Organizational Master Plan, those Regional Park Fee currently held by the City for a Regional Park pursuant to the Original Agreement, together with any accrued interest, shall be reimbursed to the Developer within ninety (90) days upon written request for such reimbursement. No further Regional Park Fee shall be collected by the City in association with the Project.

5. STREET IMPROVEMENTS

5.1 Southerly Access. Prior to or concurrently with platting and construction of Phase 1, see Section 4.3, above, the Developer shall plan and construct a new section of roadway in accordance with City standards from the south east corner of the Property through the private property to the east of the Property (the "Southerly Access"). The Southerly Access must be built to City standards for and dedicated to the City as a public street. The Southerly Access shall terminate in a cul-de-sac constructed to City standards.

5.2 Lone Tree Interchange.

5.2.1 Existing Lone Tree Interchange Funds. The Parties acknowledge that traffic generated by the Original Project would have affected the proposed interchange at Lone Tree Road and Interstate 40 (“Lone Tree Interchange”), as shown in the 2001 Flagstaff Area Regional Land Use and Transportation Plan. As the actual construction date for the Lone Tree Interchange is, as yet, unknown, the parties agree that all of the existing Lone Tree Interchange Funds collected pursuant to the Original Development Agreement shall be used solely for the funding of current or future transportation infrastructure improvements associated with the Project’s impact on the regional transportation system.

5.2.2 Future Transportation Funds Obligation. The Developer further agrees, for a period of ten years from the Effective Date of this Agreement, to pay the City one hundred forty one dollars and twenty six cents (\$141.26) for each lot owned by the Developer as of the Effective Date (as defined herein), with each payment being made on a lot-by-lot basis as a condition precedent to issuance of a building permit for such lot (collectively, “Future Transportation Funds”). The parties agree that these funds will be used solely for the funding of current or future transportation infrastructure improvements associated with the Project’s impact on the regional transportation system.

5.2.3 Obligations Fully Satisfied. The City acknowledges and agrees that the payment of the Existing Lone Tree Interchange Funds and the Future Transportation Funds satisfies, in full, any obligation relating to current or future transportation infrastructure improvements arising from the Project’s impact on the regional transportation system.

5.3 Entry Features. The Developer may install stamped or colored concrete or brick pavers in the private streets and sidewalks to create a distinctive entry feature into the Project. The Developer may install a freestanding entry monument sign (“Entry Sign”) for the Project at the intersection of the Southerly Access, described in Section 5.1, above, and the private road leading into the Project, such placement must be consistent with the Flagstaff Zoning Code. The Entry Sign shall be placed on property belonging to the Pinnacle Pines Homeowners Association and shall conform to all of the provisions of the Flagstaff Zoning Code, including those related to freestanding signs, location, size, material and illumination. Prior to construction, the Development shall receive a Sign Permit from the City to ensure compliance to the Zoning Code and the provisions of this Agreement.

5.4 Interior Streets. The City acknowledges the Developer’s desire, evidenced in the Preliminary Plat, to construct private streets within the interior of the Project. All such private streets within the Project shall be constructed to engineering and technical design standards that are substantially similar to those that were applied to Unit 1 of the Original Development. Such streets shall be privately owned and maintained by the Project’s homeowners’ association, and shall be open to the public without restriction or condition. Gates, guardhouses, or other devices or structures that impede public access may not be used on any private or public street within the Project.

6. UTILITIES AND PUBLIC WORKS

6.1 Water Line to South. The Developer shall provide for and construct a minimum eight-inch public water main from the Project to the existing ten-inch public water main in John Wesley Powell Boulevard prior to or concurrent with construction of the public improvements necessary for the Project’s first residential unit in Phase 1.

6.2 Trash Collection. The Developer acknowledges that the City’s Public Works Department will not collect trash from the front of residential units located on dead-end streets. The Developer shall, therefore, provide for and construct alternate facilities for trash collection on dead-end streets, which may include a common trash dumpster and enclosure for residential units on dead-end streets in a location and configuration acceptable to the City, or a common pad and enclosure where residents can place individual trash containers in a location and configuration acceptable to the City.

7. CONSTRUCTION OF PUBLIC AND OTHER RELATED IMPROVEMENTS: DEDICATION OF PUBLIC RIGHTS-OF-WAY AND EASEMENTS

Prior to Final Plat approval for any component of the Project, the Developer shall provide surety in a form satisfactory to the City as set forth in Flagstaff Zoning Code Chapter 10-20.100, Assurances of Performance for Construction, that all public and other related improvements will be constructed in accordance with approved plans. The Developer shall at its expense construct or cause to be constructed all public improvements as required by the City’s codes, ordinances and regulations and in accordance with approved specifications. Following construction of the described public improvements and dedication of the same to the City at no cost to the City, the City shall assume, at the City’s expense, the maintenance and repairs of all public improvements

in accordance with City policies.

8. VARIANCE FROM LOW IMPACT DEVELOPMENT REQUIREMENTS

The Original Project was designed and constructed in accordance with a single master drainage plan, with a storm water detention basin for Unit One, and a portion of Unit Two, located entirely in Unit One. This detention basin was sized and built to provide storm water collection and retention for both Unit One and a portion of Unit Two of the Original Project (“Original Basin”). As the Property, comprising all of the land intended for Unit 2 of the Original Project, is part of a pre-approved comprehensive drainage plan, the Parties acknowledge and agree that the City’s Stormwater Management Section has granted a variance exempting that portion of the Project that drains into the Original Basin from the City’s Low Impact Development (LID) requirements. However, the Developer agrees to provide LID to the maximum extent practicable within Unit Two.

In the event of judicial challenge, referendum or injunction resulting in delay in the effect of this Agreement which extends for a period of more than one hundred eighty (180) days following its approval by the City Council, this Agreement shall be
